

HOCATT™

Hyperthermic Ozone & Carbonic Acid Transdermal Therapy

THE HOCATT™ IS A SINGLE UNIT DEVELOPED FOR A SINGLE PURPOSE – STRATEGIC WELLNESS AND HEALING. How does it do this? Using a combination of powerful therapies, the HOCATT™ detoxes the body, improves circulation, boosts energy, and strengthens the immune system.

WHY IS THE IMMUNE SYSTEM SO IMPORTANT?

When it's working properly, the immune system is nature's most perfect healing network – it provides the ideal platform for the recovery of any illness or disease.

However, the immune system is not invincible! It can be weakened by things that overburden it, like heavy metals and toxins in the water we drink, the air we breathe, and the food we eat. In today's world we are all steadily exposed to toxins, and most of us remain unaware as they continue to accumulate. Eventually, the pace of incoming toxins may overtake the pace at which your body can eliminate them. When you reach this point, your body has no choice but to store some of these toxins, which it does in your fat cells. A study done in 2005 found that blood samples from newborns contained an average of 287 known toxins[1] – if a newborn is exposed to that many toxins, imagine how many you have been exposed to in your LIFE!

An unhealthy lifestyle like eating too much sugar, excessive alcohol consumption, smoking, lack of exercise, stress, too little sleep, and lack of oxygen also weakens the immune system. When this happens, the door is left open for disease to creep in...

This is why supporting the immune system is so important, because it's not just there to fight diseases – a strong and balanced immune system will prevent you from getting sick in the first place. With a strong immune system, everything works better! But what does this mean for you? You'll FEEL better, LOOK better, PERFORM better, you'll have more energy, focus and drive.

HOW DOES THE HOCATT™ WORK?

The HOCATT™ delivers a combination of therapies perfectly sequenced to give a gentle, but incredibly powerful treatment that boosts energy, and detoxifies the body down to cellular level. The main therapy is medical Ozone, which is generated from medical grade Oxygen. You can think of Ozone as a Super-Oxygen!

HOW DOES HOCATT™ DETOX YOUR BODY?

The HOCATT™ is 7x more effective at detoxifying the body and chelating (binding) heavy metals than conventional saunas! While relaxing in the HOCATT™, you absorb the ozonated steam through your skin, flooding your body with Super-Oxygen! This binds to toxins and heavy metals, making it easier for your body to excrete them, and because the HOCATT™ is also a steam sauna chamber, you get to sweat the toxins out too!

Not only does HOCATT™ therapy detox your body, it also stimulates the immune system and promotes healing. It improves blood and lymph circulation, and enhances all organ functions — including the production of hormones and enzymes. HOCATT™ therapy also reduces stress and anxiety, which is very important for immune health.

HOCATT™ therapy has tremendous VALUE: Not only do you receive so many therapies in one session, but because of the way these therapies support and potentiate one another — you get twice the results!
